**Keywords:** tuna-fish, fluid-structure interaction, bio-inspired propulsion

In Luo *et al* (2020), an error occurred in equation (1) for the variation pattern of  $K_{bi}$ . The correct form is given here in equation (1) below. The correction here does not affect the results and conclusions of the paper.

$$K_{bi} = K_c \left\{ 1.1 - \sqrt{1.002 \times \left[ 1 - \frac{(i - N - 1)^2}{445.444} \right]} \right\}. \quad (1)$$

### Acknowledgments

This project is supported by an EPSRC Supergen ORE Hub Flexible Fund Program Grant "Autonomous Biomimetic Robo-fish for Offshore Wind Farm Inspection" (EP/S000747/1). This work used the Cirrus UK National Tier-2 HPC Service at EPCC (<http://www.cirrus.ac.uk>) funded by the University of Edinburgh and EPSRC (EP/P020267/1) and ARCHIE-WeSt High Performance Computer (<http://www.archie-west.ac.uk>) based at the University of Strathclyde. The first author thanks China Scholarship

Council (CSC) for financial support during his study in the UK.
